Mr. Bill Owen (Centre) is shown accepting a cheque for \$737.11 from Lion Cliff Erickson, chairman of the CNIB canvass committee. Looking on at right is club president Fred Schipper. The money was raised during a door-to-door canvass earlier this fall and presented to Mr. Owen, Field Secretary of the C.N.I.B., at the regular meeting of the club last Tuesday in the Cardium Room.

Sixteen couples took part in the danceathon and raised a total of \$930.

The winners danced from 8:30 Friday night until 1:08 Sunday afternoon, with rest breaks that were permitted in the rules. Only four couples lasted until

Sunday with the other three dropping out in close succession about noon.

Ian Lundrigan and his partner won a total of \$85 in prizes, \$50 for dancing the longest, \$25 for the most money raised and \$10 for raising the most money for one half-hour period.

Election of new officers will be held in January and a nominating committee appointed to bring in a slate. Members of the committee are Ken Retallack, Frank Neil and Ole Knudskov.

The matter of a public rest room was introduced and discussed briefly. Executive members present expressed the need for a detailed cost study before such a project could be undertaken. The meeting decided to await the general meeting suggested recently by Town Council before offering a Chamber opinion.

M.D. Councillors Attend Convention

All members of the Council of the Stony Plain Municipal District attended the annual meeting of the Alberta Association of Municipal Districts and Counties in Calgary from November 19th to 22nd.

Rural taxation and proposed health unit changes were among the major topics discussed extensively by the convention. A solution is being sought to the long-standing problem of equitable definition between actual farm homes and those of acreage owners or country estate type holding.

The problem of surface rights was introduced with the suggestion that a single provincial authority be appointed to deal with surface right problems. Edmonton Lawyer Alan Brownlee, addressing the convention suggested that the various aspects of surface rights should be dealt with by a single authority, rather than separate ones for pipelines, public utilities and other facets.

Rudolph (Rusty) Zander of Tomahawk, Reeve of the Stony Plain Municipality, was elected to the executive board of the association for a three year term.

RUDOLPH ZANDER

Mr. Zander has been actively engaged in municipal affairs for the past twenty years.

THE HOMEMAKER

Marlene Jubenvill

District Home Economist

10426-81 Ave.
Edmonton,
Alberta.

I'd like to tell you about a recent program held in this area.

In the latter part of September a very successful fair was held in Fort Saskatchewan. This is the second year for this event and we look forward to its continued success.

Sponsorship in under the Fort Saskatchewan W.I. Mrs. E. G. McLaughlin and her co-workers have been active in getting it go-

ing. The main attraction (and the part the home economists were most involved with) were the handicraft, sewing and home baking contest and display. Judges were Shirley Rebus from the Morinville office; Alvina Berg (food and nutritionist specialist) and Marlene Jubenvill (D.H.E.) for strathcona and Stony Plain).

The caliber of workmanship and design was excellent. We hope to have slides taken so that we can show the exhibits to various groups. Two of the quilts were especially outstanding - one done in blue and white and another in a colonial print with a maple leaf design. The hand stitching - 11 stitches to the inch. I might add was beautifully done.

Of interest was the display and sale of ceramics. These were made by the Fort Saskatchewan Arts and Crafts Club. Mrs. Liz Schoening, among others, had some lovely pieces, everything from vases, candy dishes and candle holders to glazed casseroles.

A local flower shop had a dis-

play of fall arrangements that were very tastefully done, and should encourage people not to depend so much on plastic flowers. A terrarium (which is a garden enclosed in glass) was displayed in a huge green-tinted wine bottle. It makes a fascinating accessory and a real conversation piece. You'll be able to describe your painstaking efforts in planting the specimens through the narrow neck of the bottle. This is done with a long stick and tweezers.

The Women's Extension branch is pleased to see the growing interest in beautiful but useful handicraft. We hope that more people will interest themselves in well-designed pieces of handicraft, instead of spending so much time on articles that really have little value, either from the point of view of utility or from the point of view of beauty and originality.

If you would like to learn more about some of the finer crafts, contact your home economist.

EDITORIAL COMMENT

What's Happened To Hallowe'en ...

Though it's now a few weeks past we can't help noting that something has gone very wrong with Hallowe'en. Instead of an evening of fun for small children it's now something to dread.

The sadists and punks who get their kicks causing trouble are nothing people and we all know the category they fit. But it's hard to understand adults who drive children around town encouraging greediness by apparently trying to cover as much territory as possible in the time available.

No one finds fault with parents dressing up a little tot and taking him around to visit neighbors on the block but many people are rightfully critical of those who aid older children in their attempt to gather in every last peanut or chocolate bar.

Hallowe'en was once a fun time for adults and children alike. Now it's a mad rush to shovel out treats to one bunch while another gang is bounding up the steps.

Perhaps all of us are to blame. Maybe it's time we stopped "shoveling out" and slowed the rounds by expecting entertainment in exchange for treats at every home. It's just possible that if adults got into the spirit of the evening the youngsters might regain their perspective.

Unmarked Patrols Would Cut Toll ...

How much effect is a program of compulsory car checks going to have on the accident rate? How many accidents have you heard of that were caused by a cracked windshield? Such a windshield condition, we understand, will be sufficient to fail your car.

You do know, however, about the number of drunks, speeders and inadequate drivers who are responsible for many highway crashes. We don't have the statistics but would not be surprised to learn that human error causes far more accidents than mechanical failure.

The money going into the car

check program could probably be better invested in ghost cars to crack down harder on highway menaces and at the same time check obvious mechanical faults such as lack of proper lights or brakes that can be definite contributors to accident probability.

Outstanding Visitor To Drayton Valley ...

The Drayton Valley Rotary Club is presenting residents of this area the opportunity of hearing an address by an outstanding Albertan, Lieutenant Governor Grant MacEwan. Dr. MacEwan draws from his vast store of knowledge as an author, historian and outdoorsman in presenting topics of interest to listeners.

We hope Dr. MacEwan will enjoy his visit to our community as much as we will enjoy having him here. And we compliment the Rotary Club on performing a fine community service.

Christmas Lights And Themes ...

During the past week the advent of Christmas has crept up almost unnoticed and we now stand on the threshold of the festive season.

This year all sorts of Christmas decorations will be adding new sparkle to the lighted community. We become a little mellower (not because we still believe in Santa Claus) but primarily because it is one season of the good or bad year that seems to level out people's thinking - and teaches them to stop and wonder about the other person. To carry this on to its obvious conclusion can be the lesson that is taught, for if we feel this way at Christmas, then we must do something to maintain that spirit which we call goodwill among men.

Why no other season or event, can reach the depths of man's soul the way this does is a riddle to many. And yet it is so.

All people, old and young, rich and poor, of all classes, countries and colors, somehow recognize it as a season that gives something to man the world over.

Hail the advent of Christmas

WEEKLY VIEWPOINT

A series of brief meditations for the readers of The Western Review prepared by the clergy of the Drayton Valley Ministerial Association

Selfish Materialism

BY REV. OWEN ISAACSON

Needless to say, we are living in a materialistic society, and to a great extent are the products of the same. Materialism, in this instance, means not "the doctrine that everything in the world including thought, can be explained only in terms of matter", but rather "the tendency to be more concerned with material than with spiritual values". (Webster).

One familiar statement which portrays this philosophy is "keeping up with the Jones". This writer is of the opinion that there are few if any individuals, even here in Drayton Valley, who are not guilty of this, to a greater or lesser degree. We are basically proud of heart, not willing to be outdone by our neighbors. As a result, there is a rampant competition raging in the accumulation of luxury.

An indication of the truthfulness of this idea, is that in many homes (not all) the father is always away at work. In some instances this is unavoidable, but in others it is. He is gone much of the time because of the fact that he has to put in so many hours to receive so much money

to meet the demands of so many creditors. In certain instances, the financial pressure of keeping up with the Jones is so extreme that the mother is sent off to work as well.

That this materialistic attitude is basically selfish is evident as we examine its results. When Dad, or both Mom and Dad, are always gone, the children are the ones who suffer. It just so happens that these little "tykes", and even the bigger "tykes", need the parent's love. If they do not receive it, they are destined for problems in their future lives. Money may talk in certain instances, but it does not speak the language of love to a child. Nothing takes the place of time, understanding, and interest, not even money. However, this doesn't seem to matter, as long as the Jones' aren't winning the race.

There is a way of deliverance from selfish materialism, but many people aren't willing to accept it. The answer lies in a new motivation. This is the product of receiving a "new nature" when we trust Jesus Christ to save us from our sin.

Cub and Scout Annual Meeting Well Attended

The annual meeting of the Drayton Valley Cub and Scout association was held on November 18th in the Scout hall.

It was very gratifying to see a large number of parents attending. This certainly pointed out the increase in interest being shown this year.

The meeting was called to order by President Gordon Hay. The minutes of the 1967 annual meeting and those of the regular October 1968 Group Committee meeting and the annual financial statement were read. After a brief recess for coffee, the meeting was again called to order, and the new executive of the Cub and Scout Mothers Auxilliary were introduced. A new Group Committee was then elected.

The committee consists of: Pres. Bruce Boles; Sec., Mrs. Verna Radowits; Treas., Mrs. Betty Bouschard; Finance Chairman, Ron Howatt, assisted by Mrs. Delia Duperron; Transportation Chairman, Gene Harris; Badge Chairman, Russ Simpson; Camping and Equipment Chairman, Sig Moltzan assisted by Jack Heyland; Publicity, Mrs. Etta Trapton and Mrs. Maureen Schwab; Rotary Representative, Howie Janzen.

Mr. Hay announced the appointment of Mr. Hugh MacKenzie as the new District Cubmaster, and wished him well on behalf of the Group Committee. Mr. MacKenzie replaces the retiring District Cubmaster, Mr. Jack McLean.

The members of the 1967-68 Group Committee were thanked by Mr. MacKenzie on behalf of all the Cubmasters for the work that they have done for the Cubs and Scouts.

Joan would like to thank everyone for the gifts and also Mary Blatkewicz for putting on the shower, and Phyllis Kelly Mrs. Woodruff, Pat Benjamin, Mary Blatkewicz and Jean Stewart for decorating the hall and helping with the shower. Joan and Don Anderson were married in Drayton Valley on Saturday, November 23rd. The community wishes you many happy years together Joan and Don.

Get well wishes go to Mrs. Wespinski who has been in hospital and will be going into the hospital again for surgery when a bed is available. Best wishes for a speedy recovery Mrs. Wespinski.

Also get well wishes go to Marilyn Kos who is in the University Hospital in Edmonton. We hope you're well and home soon Marilyn.

To The Electors Of Division 6

County of Stony Plain

On November 30th you will be casting your ballot for a candidate of your choice to run the affairs of the County in this area.

Division 6 takes in the following area: Range 4, 5, 6, and 7 in Township 50 and 51, and part of Range 8 in Township 51, to the Pembina River.

I am certainly not a stranger within the area of the Division, as I was born and raised in the area. When the problem of surface rights came up in the Western Area I could not sit idly by and see the injustices being carried out. We made progress, however slow it was. We made our voices heard.

I know your problems, both in Education and in Public Works. There is always not enough money available to go around; this we all know. I have tried in the past to give good service for the money that was available.

I have had to make many decisions, and I know I have made mistakes, but I have tried not to make the same mistakes twice.

If elected, I shall give it all I can, to govern wisely; with your help, and as soon as possible in the new year I plan to hold meetings in Division 6, with the help of the F.U.A., to ascertain the problems of Education, Hospitalization and Local Public Works in the area.

I wish I had been able to meet all personally but this was not possible in the time available.

Drayton Valley Church Setting for Ceremony

St. Peter and Paul's Greek Catholic Church in Drayton Valley was the scene of a lovely afternoon wedding ceremony, in a setting of pink gladiolas and white carnations, on Friday, October 18th, at 1:00 p.m., when Katherine Ann, eldest daughter of Mr. and Mrs. W. Zukowski of Alder Flats, became the bride of Marshall Eleniak, son of Fred Eleniak and the late Mrs. Eleniak of Tofield. The double ring ceremony was performed by Father Snirhurowych.

Given in marriage by her father, the bride was radiant in a full length gown of white lace over taffeta accented with rhinestones and sequins and long sleeves shaped to lily points. Her short illusion veil was held in place by a flowered head piece of orange blossoms. The bridal bouquet was red American beauty roses and white carnations, her only jewelry was a single strand of cultured pearls, a gift of the groom.

Attending the bride as maid of honor was Bernice Wolinski, a friend of the bride, the two bridesmaids were Akke Postma, another friend of the bride, and Zandra Zukowski, sister of the bride. They wore identical floor length gowns of ice blue peau de soie styled on the slim lines with head pieces of white bows and carried white gardenias, they wore the brides gifts of dainty bluebird ear rings of white gold.

Best man was Emile Ruzycld, a friend of the groom, and the groomsmen were Michael Zukowski, brother of the bride, and Bobby Lupul, cousin of the groom. Al Lemiske was the usher, the gifts to them from the groom were sterling silver cuff link sets.

Following the ceremony a reception was held in the Alder Flats Community Hall. The bride's table was centered with

an elegant three-tiered cake, baked and decorated beautifully by Mrs. Peter Semontiuk of Hilliard.

For her daughter's wedding, Mrs. Zukowski wore a three piece double knit suit of jade green with matching accessories, complimented by a corsage of gardenias in shades of yellow and orange.

For going away, the bride donned a powder blue brocade sheath dress with matching duster, white accessories and an orchid corsage.

A wedding dance followed the reception.

The happy couple are now residing on a farm east of Tofield

and will be taking a two week honeymoon trip to Hawaii the first of December.

Rebels Split League Openers

The Drayton Valley Rebels split their first two league games last week by defeating Camrose 7 - 3 and losing to Wetaskiwin 5 - 3.

The Camrose game was a close contest until the last minute of the game when the Maroons seemed to collapse and the Rebels scored three quick scores.

Camrose lead 2 - 0 at the end of the first period on goals by Ledene and Trempner. Dan Davie scored for the Rebels at 3:21 of the second period. Barry Ness drew an assist. Kendall scored for Camrose to put them ahead 3 - 1. Gary Haack scored for Drayton Valley to narrow the margin. Alvin Hopfe tied the

score unassisted midway in the third period. The Maroons were foiled in an attempt to go ahead when Morley Moger made a great save on a breakaway. This seemed to be a turning point in the game. Less than a minute later Dan Davie scored the winning goal. Frank Novasel scored the insurance marker at 19:18. Jim Dunn scored at 19:29 and Ron Hemmingway at 19:52.

At Wetaskiwin last Saturday night Dan Davie kept up his hot scoring pace by scoring the Rebels first two goals. Wetaskiwin tied the score by the end of the first period on goals by Hoult. In the second period, Young put the Colonels ahead 3 - 2.

Gary Pankewicz scored unassisted at 12:01 to tie the game.

Wetaskiwin went ahead at 5:57 of the third period on a goal by Maciborski. The Rebels pulled their goaltender in the last minute of play but were unable to score. Greene of Wetaskiwin fired the final goal into the empty net at 19:59. Morley Moger played an outstanding game in the nets for the Rebels and was chosen 'second star'.

The next Rebel games are at home against Stettler on Saturday, November 30th and Sunday, December 1st. Game times are 8:30 Saturday and 2:00 p.m. on Sunday.

BERRYMOOR NEWS

John Johnson, Mrs. Bernice Lietz, Bill Gilchrist, Leanne Johnson and Jerry Roberts have all had a stay in hospital recently. We are glad to report that all of them are at home again and feeling much better.

A number of district folks motored to Breton recently to help Mrs. Hattie Barrett celebrate the twenty-fifth wedding anniversary of her son and his wife from Jasper. The happy affair was held in the basement of the Breton United Church. A lovely buffet style meal was supplied by the family following a very lively card game. The guests of honor were presented with gifts and a very lovely wedding cake made by Mrs. H. Barrett, which was beautifully decorated by a Breton lady.

A bridal shower was held for Miss Iris Thyr on the evening of November 16th at the home of her aunt, Mrs. Linda Van Ember. The bride-elect was presented with a number of very nice presents for which she and her fiancé Mr. Jim Vidok graciously thanked everyone.

Mrs. M. Whittaker will be hostess for a bridal shower for her grand daughter Miss Colleen Lawson on the evening of November 23rd. Everyone is welcome.

A number of our local men have been taking advantage of the mild weather to get in some big game hunting. A considerable amount of success has been reported.

Mrs. Ruth Berry has moved to Drayton Valley for the winter. She plans to stay with her grand daughter, Mrs. Darlene Gavigan. Congratulations to Mrs. Evelyn Haight who found a "treasure" at Stedman's Store during the first week of the Drayton Valley treasure hunt.

There has been a lot of activity recently around the homes of

George and Harvey Van Ember who have been very busy getting a pressure system installed.

Congratulations to Mr. and Mrs. Duanne Fenneman (nee Margaret Knight) who were married at the Camwood Community Centre on November 22nd. A wedding dance followed in the evening at Lindale Hall.

Brian Thorsen has been spending the last few days with his brother, Dwayne.

Recently one of our local grandmothers won a set of toy six shooters, a tricycle and a horn of plenty at a toy bingo. We hear via the grape vine that she plans to go on a hunting safari of her own, armed with the six shooters with the tricycle for transportation, and the horn of plenty filled with what have you? According to the old proverb forewarned is forearmed, so all hunters beware.

The Berrymoor Three B's Club held their November meeting on the 23rd at the home of Mrs. Bernice Lietz. There were eight members present. Their annual Christmas party was planned. It will be held at the home of Mrs. Ann Van Ember on the afternoon of Wednesday, December 18th.

Report From Parliament Hill

By Allen Sulatycky, M.P.

There has been a great deal of talk in the past few months about the need for more and better communication between the people and their governments. It is a fact that as administrations grow larger they get more and more separated from those whom they are meant to serve.

Those people who have been voicing the greatest concern about this problem, are doing so genuinely. Among them are political leaders of every leaning and every level of government. They are concerned about the opportunity for citizens to communicate with their governments as well as the opportunity for governments to communicate with the citizen.

As a Member of Parliament, I have been trying several methods of keeping contact with the people of Rocky Mountain Constituency. One of these ways is this column. At the same time I had hoped that the people of the constituency would correspond with me when they had any thoughts regarding the Federal Government.

To this time the number of letters which have been arriving at my office from constituents in a week is represented by a very small number. Other Members of Parliament have found the same situation. A number of others, generally those representing large city ridings, are sometimes deluged with mail.

The difference occurs not because the people in certain areas are necessarily giving more thought to matters of Government than are the people of other areas. One of the reasons appears to be that the exchange of thoughts between the representatives and the people he represents has been more actively encouraged in some ridings for many years while

in others no such encouragement was given.

The Federal Government has always felt that it was of the utmost importance to facilitate in any way possible the communication between Members and their constituents as part of the overall communication between Government and citizen. It is for this reason that letters to Members of Parliament are allowed to pass through the mails postage free.

It is a well-known fact that Members may post their mail without paying the usual postage. But it is very surprising to realize how little known is the fact that letters addressed to Members need not bear the usual postage.

One of the most frequent questions asked of the candidates in the Rocky Mountain riding during the last election campaign was: "How do you expect to represent such a large riding?"

The most obvious answer is that some special effort has to be made to develop a flow of information between the Member and the constituency. It is my hope that we can develop such a flow.

Lest there be any doubt about the matter, I wish to assure all the residents of the riding that I would welcome their letters regardless of the problems or ideas or thoughts which you wish to raise.

All letters should be addressed to: Allen Sulatycky, M.P., House of Commons, Ottawa 4, Ontario.

You may even forget the stamp.

CURLING STAMP

A 6¢ Sports Series stamp providing recognition for Curling, the Roaring Game, will be released by the Canada Post Office on the 15th January 1969, Postmaster General Eric Kierans announced recently.

Feed Lot Operation Topic of Address

The Drayton Valley and District Chamber of Commerce has announced plans for a guest speaker at the next regular meeting on Thursday, December 5th.

Mr. A.W.N. Erickson, Supervisor of Feeder Associations of the Alberta Department of Agriculture will be present to speak on beef feed lot operations. He is expected to deal with general aspects of feed lots such as their place in the farming business and economics rather than specific topics such as nutrition.

The meeting will take the form of a dinner session in the Cardium Room at 7:00 p.m.

Tickets are available this week from Big Country Machinery, Double S Farm Supplies, Mickey's Equipment, U.F.A. Co-op and Sekura Auctions. Anyone interested should obtain tickets early.

At 44, Gerhart has served 16 years in the Alberta legislature, and occupied two important cabinet posts.

His other achievements include two academic degrees, and a major contribution to both the business and community life of our Province.

THE OPPORTUNITY

Forest Fire Loss 60 to 70 Million

Forest fires which ravaged Alberta this summer destroyed nearly one million acres of trees and robbed the province's economy of an estimated 60 to 70 million dollars in potential timber products.

The Department of Lands and Forests, Forest Management Branch, releasing these figures, said about 2.5 million cords of pulpwood and 700 million board feet of saw timber were lost.

The total of 976,820 acres lost up to October 10 this year destroyed more than one year's timber output for the entire province under the 100-year sustained yield program.

The lost timber is more than the amount used by all the extractive industries in the province in a year.

In addition to the lost timber are fire-fighting costs, estimated at \$5.5 million, and the cost of artificial reforestation to make

sure the trees are eventually replaced.

Up to October 10, almost the end of the "fire season", the Department's fire fighters had been called out to 557 fires, 496 of them in forest protected areas.

The Slave Lake forest, with a total of 119 fires and 389,941 acres burnt, was the worst affected, followed by Lac La Biche with 45 fires and 289,945 acres and Whitecourt forest with 81 fires and 209,072 acres burnt.

The worst fires occurred in May in the area between Vega, about 60 miles northwest of Edmonton, and Lesser Slave Lake.

Japan Largest Importer of Canadian Grain

Last year, Japan for the first time became the largest single export market for Canadian grains, by volume, according to the Board of Directors' Report to the 46th Annual Meeting of Alberta Wheat Pool Delegates at Calgary. In the 1967-68 crop year, Japan purchased a total of 73,300,000 bushels of Canadian grains, oilseeds, and flour.

Canadian wheat exports for the season totalled 335,100,000 bushels, a decline of 182,100,000 bushels from the previous year. Total exports of the principal grains and wheat flour, were 403,900,000 bushels, compared to 614.5 million a year earlier.

Britain, with purchases of 69,800,000 bushels, became Canada's second largest grain customer; Mainland China, taking 52,000,000 bushels, ranked third. The U.S.S.R. was Canada's fourth largest single export market receiving 49,000,000 bushels of wheat, and India remained in fifth position as the destination for 22,500,000.

A Letter to the Electors Of New County No. 31

You will notice by the heading, that I did not name the new County, because this has as yet not been done. However, the new County's name will be known before this letter will appear in the press.

On November 30th, the electors in this County will be casting their ballot for a candidate of their choice to run the affairs of County business by local self-government for a period of three years.

The County system of government has been in various centres of Alberta for the past 17 years. This, however, has not been the case in our area. We will be venturing into a new field of self-government.

Now, in order for the County system of government to get a fair chance to serve in your area, and to prove itself, let us not be asleep at the switch; vote on November 30th.

In order for the County to receive a fair chance of survival, let us vote for the candidate who, in your opinion, will not, from the beginning, be out to destroy it, but will rather give all he has to make it succeed.

We know from the past 2 years, since the application for County was made, that there has been continual destructive criticism launched both in press and at various meetings throughout the municipality, relating to the

mechanics of the County system of government, of which these people know nothing or little about.

We know it is not proven in this area, but let us give it a chance. We must remember we are not the first County; but the thirty-first County in the Province of Alberta. There are very few Municipal Districts and School Divisions left. Remember this also, if given a fair chance for survival, and you are still not satisfied with the County system of government, we can vote it out after 4 years according to the County act.

We are no longer using the walking plow. Progress must come and we must not be left behind. Certainly we would not want to turn back the pages of time to 1942 when we had five-township Municipal Districts, so let us go forward to better standards of local self-government.

We are not all perfect, but we do not make the same mistakes twice in responsible government.

Remember, this is not a one-man government, but a seven-man Board, so get out and vote for the candidate of your choice. Choose wisely, elect a candidate who will give all he's got for the County and who will not try to destroy it before it can prove itself.

Drayton Basketball Teams To Host Seba Beach

The F.M.H.S. high school boys and girls basketball teams will get their first taste of action tonight at the local high school gymnasium when they host the Seba High School.

The girls game gets underway at 7 p.m. with the boys game to follow immediately after. Both the Warriors and Warriorettes are anticipating successful seasons but nothing is proven until the action begins.

The Warriors are fielding a basically veteran squad except for the addition of Larry Mattoon, whom it is felt will mature into a fine performer. The Warriors will be minus three highly capable players from last year's successful team - Larry Metelski, Ken Bureyko and Don Bouschard and how the team will measure up to last season's performance

will take time to answer.

Sharing the center position will be Stan Oulton and Charles Swap, the wing positions will be filled by Doug Ibbotson, Ken Dusterhoft, Larry Mattoon and Keith (Twiggy) Sodergren, the guard positions handled in the main by Terry Jevne and Ron Cameron.

The Warriorette team will boast good experience with such fine players as Jerry Cable, Jean Labranche, Francis Meraw, Jill Kerr and Joy Meraw.

Come out to tonight's games and judge the teams for yourself. Friday night the two local clubs will travel to Onoway for a second exhibition contest.

Make sure your brain is in gear before your jaw goes into action.

How did those six Sioux get on our beer label? (Six? Count 'em. Six.) To say nothing of three crows. And a Hupmobile. And twenty-nine trees. And our House of Lethbridge. How? Frankly, we don't remember. It all happened many moons ago. But one thing's certain: we'll never change our label. Or the great beer behind it. In Lethbridge, we go right on brewing it the slow, natural way, for real flavour. We have spoken.

... a consumer-producer adviser-promoter?

Consumers and producers both benefit from Mrs. Linda Pickell's services. As Products Promotion Officer with the Information Branch of the Alberta Department of Agriculture, Linda keeps consumers informed, through her radio and television broadcasts, on good food selection, best buys in season and new products available. At the same time, she promotes Alberta products, widening market prospects for local industry. In addition to Mrs. Pickell's broadcasts, the Information Branch keeps the public informed on activities in agriculture through releases to press, radio and television, and daily farm broadcasts over 11 rural stations in the province.

... a poultry room-and-board authority?

Jim McCowan and his fellow workers at the Provincial Poultry Plant work to improve living conditions for Alberta's chickens. Right now, they're carrying out a density study, to determine how many birds can be raised efficiently in a specified area, and tests to find out the most economical types of feeds. Experimental programs, such as the testing of commercial feeds recommended by manufacturers for broiler feeding programs, are carried out at the request of, and for the benefit of, the province's poultry industry by the Poultry Branch, Animal Industry Division, Alberta Department of Agriculture. The Branch also provides an extension program to keep producers informed on the latest development in the industry, and carries out regular inspections to keep the standards of quality of Alberta poultry at their highest.

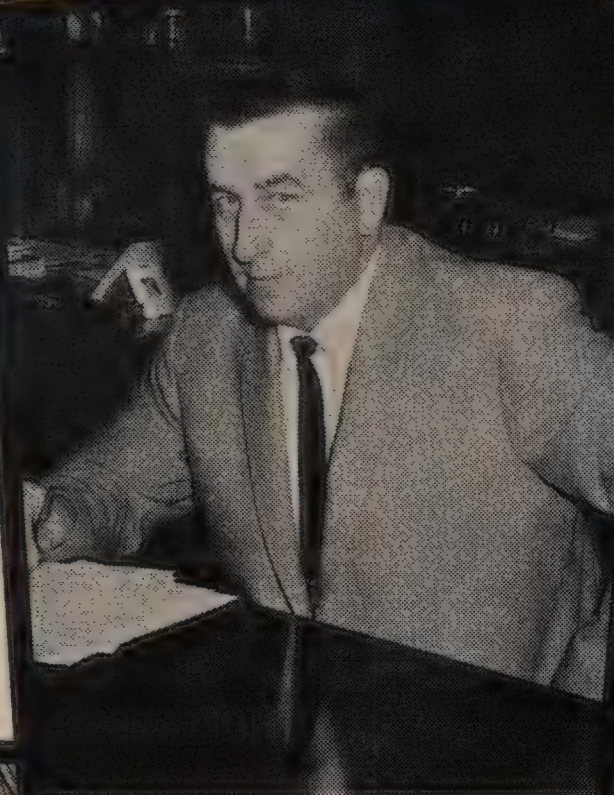

have you ever met...

... a better-health-habit former?

Alberta community leaders who are concerned over health problems in their areas can enlist the assistance of Leo E. Marinier, in developing public health education programs. As Director of the Branch of Public Health Education, Alberta Department of Health, Mr. Marinier plans and prepares educational programs designed to help overcome such problems as air, soil and water pollution, noise pollution, accidental poisoning, and venereal diseases. These programs which include film strips, films, literature and other training aids, are made available through local medical health offices to hospitals, schools, community organizations and other interested agencies. Through evaluation of the problems, and the preparation of programs outlining their solutions, the Branch of Public Health Education makes a valuable contribution to the good health of our province.

... a government informer?

It's Mrs. Jean Rogerson's job to keep the public informed on government activities and she accomplishes this through the pages of "Within Our Borders" a monthly publication of the Alberta Government Publicity Bureau. Four Information Officers within the Bureau, including Mrs. Rogerson, cover all departments of government, reporting on new developments in government services. Their stories are published in the periodical, which is distributed free to anyone requesting it. At the present time, "Within Our Borders" has a circulation in the neighborhood of 29,000 and is distributed throughout the world, even behind the Iron Curtain.

... a wages protector?

John Peters is one of the 25 men in Alberta who are paid to keep an eye on payrolls and working conditions at all the businesses in the province. They are inspectors of the Alberta Department of Labour's Board of Industrial Relations and they inspect the payrolls of employers regularly to make sure each employee is receiving his correct wages, vacation and holiday pay. Visits to 13,000 firms in 1967 resulted in \$314,000 paid to employees who might not otherwise have received the money due to error, evasion or neglect by the employer. The inspections also assist employers by keeping them better informed of their responsibilities under labour legislation and to protect them from unjustified claims. The inspectors also ensure that other general working conditions such as sanitation, safety and welfare are up to standard.

... an instructor of outdoor enjoyment?

Alberta's wide variety of geographical and climatic features offers a wealth of outdoor recreational opportunities. To help residents take advantage of these natural resources, Neil Andrews offers a training program to youth service organizations, community recreation leaders and other interested groups. As Outdoor Recreation Supervisor for the Recreation Branch, Alberta Department of Youth, he is prepared to organize programs in such subjects as wilderness camping, mountaineering, snow-shoeing, bird-watching and canoeing, to name just a few. Outdoor recreation is just one aspect of the assistance provided by the Recreation Branch in developing programs of constructive sports, recreation and leisure activities.

Christmas Seals

One of the greatest humanitarian efforts in this country is the annual Christmas Seal Campaign, the proceeds of which are used in the fight against tuberculosis and other respiratory diseases.

Tuberculosis is not licked, and the tuberculosis associations across Canada have not given up their efforts to wipe out this disease. "Not when between four and five thousand newly reported cases in Canada last year are around to keep us reminded that we haven't won that war", said Mr. R. Borstad, Grande Prairie, president of the Alberta Tuberculosis and Respiratory Disease Association. Mr. Borstad adds, "But when deaths from just one disease - emphysema - are four times what they were fifteen years ago, it's time for action. It is going to take a lot of research and education to make headway against a disease that has thousands struggling for breath."

MAXIMUM ICE PROGRAM

The 1968-69 winter season will feature a capacity ice program at the Centennial Civic Centre with over 475 young people presently registered in Figure Skating and Minor Hockey. Because the maximum registration has been reached in the Figure Skating Program and likewise in all classifications of Minor Hockey, further applications cannot be accepted at this time. The only exception to this would possibly be the Bantam Hockey program where there would be room for three or four more boys. Presently a total of 228 boys are registered for Minor Hockey and the registration of the Figure Skating Club has reached the final cutoff mark of 250 for a sum of 478 registered persons in the program.

It is a capacity program all the way through. In Minor Hockey at the Mite level, there are five packed teams for a total of 92 players. The situation is similar in the Pee Wee class with four teams filled to capacity and 74 registered players. In the Bantam classification, there is a bit more room, but still we have 54 boys divided into three teams. The Drayton Valley Clippers, our Midget hockey team is

presently carrying 18 players.

The Drayton Valley Figure Skating Club with a maximum of 250 has approximately 50 more members than any previous season. The Figure Skaters are classified as follows: Beginners I, Beginners II, Preliminary, Bronze, Silver, Gold. In Beginners I we have 48 persons, and we have 58 registered at the Beginner II level. There are 77 in the Preliminary class and 38 will be practicing their skills in the Bronze classification. There are 15 Silver Medal people and a total of 14 will be in the realm of the Gold Medal.

So its a capacity program all the way through. Numbers are not always the measure of success of a program of any type, however, in our case we have the organization, the potential and the qualified personnel at all levels to meet the needs of this maximum registration and capacity program. From here it looks like we are facing a very busy and hopefully, a very successful season at the Centennial Civic Centre.

MESSAGE

To The Electors Of Division 6 County of Stony Plain

As time does not permit me to campaign from door to door I would like to remind you of my long and faithful service to this community.

I was raised in Tomahawk and during the thirties worked as a laborer. In 1939 I joined the Royal Canadian Artillery and spent five years on active duty overseas. I have been farming here since 1947 and now my son is managing our successful operation.

I organized the first Beef and Grain Clubs in this area and spent three years on the Agricultural Service Board, later I won the Grassland Farming Award for this part of Alberta. I pioneered when the R.E.A. was organized and have been president ever since. I was president of the Community Club for ten years and presided over Home and School for seven. I helped to organize all five F.U.A. Locals in this area and am on my fourth term as Sub District Director.

There are very few farmers who haven't called on my help and advice for veterinary work, before vets were available.

However, my greatest desire is to see that every boy and girl have the best education available. You all know of our hopes and plans for the Composite Schools at Evansburg and Drayton Valley and our sincere hope to see them completed. Stony Plain School Division has one of the best records in any Municipal District or County in Alberta and I am proud to have been a Trustee for the past twelve years.

With the possibility of a whole new council I would ask your support and I promise to give the same faithful service I have in the past.

Pressure Control challenges wasted power by cutting wheel slip as much as 50%

Pressure Control is a new kind of hydraulic system that produces "on demand" traction according to the terrain and type of implement being pulled. With this Massey-Ferguson exclusive feature, you place extra traction weight on the rear wheels with just a touch of a lever. Instantly, thousands of additional pounds are put to work — to reduce wheel slip by as much as 50%. Not since 1935 (when the Ferguson System was introduced) has there been such a dramatic improvement in MF tractor capability.

With the added efficiency of Pressure Control, a Massey-Ferguson tractor handles bigger pull-type implements and heavier loads than could normally be expected of tractors in the same horsepower class. And because more of the engine horsepower is converted into useable power, you get more tractor — and more performance — for your money.

ONLY MASSEY-FERGUSON HAS MET THE CHALLENGE OF WHEEL SLIP SO EFFECTIVELY — WITH EXCLUSIVE PRESSURE CONTROL.

Athletic Asso. Drops Bantam Football

At a recent meeting of the Drayton Valley Athletic Association withdrew its sponsorship of Bantam Football effective immediately. The D.V.A.A. has sponsored Bantam Football in this community since 1960. It will continue its sponsorship of Little Canadian Football as in the past.

The decision to drop Bantam Football from the Association program was made on the recommendation of Recreation Director Michael J. Gormley, after reviewing the financial situation and the cost involved in the fielding and the operation of a Bantam Football team.

It was pointed out that during the past two years the feeling of dissatisfaction was prevalent in respect to the Bantam Football program. It was felt that the program was not worth the effort nor the expenditures involved and there was a prevalent feeling among the players participating in the game that they were not getting their money's worth.

If Bantam Football is to be played here again, the program will have to be completely reorganized and set up on a different financial scale and under improved conditions as to teams and league competitions. The recommendation was made that Soccer Football be introduced for boys of this age grouping next fall.

Hog Producers Favor Board

Alberta hog producers have voted in favor of a hog marketing board. The Chairman of the Agricultural Products Marketing Council, D.H. McCallum, reports that 68.8 per cent of the 9,319 eligible registered producers voted for the proposed plan.

Mr. McCallum says the Marketing Council will now ask the Farmers Union, the Alberta Federation of Agriculture, the Western Hog Growers Association, the Alberta Livestock Co-operative and the Alberta Swine Breeders Associations to nominate members for an interim board of directors to be appointed by the Minister of Agriculture.

The Marketing Council received 7,432 ballots by the 4:30 p.m. November 18th deadline. Of these, 44 were rejected because they lacked a name or address that could be checked against the voters list. The remaining ballots were counted Tuesday, November 19th in the presence of scrutineers representing various farm groups. Although 18 ballots had to be rejected because the voters' intentions were not clear, the 6,418 ballots favoring the plan were well above the simple majority required to approve the plan.

What's Ahead In Housing?

What kind of housing can we as Canadians look forward to in the next twenty years? According to Dianne Hammer, Home Design Specialist in Calgary, we'll be seeing a good deal more prefabrication in the form of sandwich panel construction, sectionalized houses, foldable homes and unitized construction.

With sandwich panel construction, manufacturers will produce panels in full wall lengths for a specific house. Exterior walls will already have the siding or finish on as do the interior walls. These panels are then assembled are glued or nailed into place. Home building will be accomplished in a matter of a few days.

Sectionalized housing makes use of prefabricated prefinished rooms, (bedrooms, kitchen, bathrooms, etc.) When the rooms arrive they are joined together and there you are - a new home in 48 hours.

Foldable Houses are being used by trailer manufacturers. They have the advantage over sectionalized houses, in that one room fits inside. This simplifies transportation, but the design possibilities are limited.

Unitized housing makes use of the fact that the roof, side-wall and floors are of one lightweight structural element without seams or joints. The whole house can be completely assembled and delivered to the site by aircraft.

Beef Club Elects New Officers

On November 4th the election of officers of the Alder Flats 4-H Beef Club took place. Pres., Garry Hammond; Vice-Pres., and Junior Leader, Byron Larson; Sec. and Club Reporter, Terry Videsjordan; Treas., Ross Larson; Leader, Mr. Lars Larson and Assistant Leader, Mr. Schuyler Durant.

There were 14 calves weighed

in on November 9th, 9 were 4-H and 5 were Pee-Wee's. Incidentally the Pee-Wee's are under the pilot project now.

The next meeting will be at the Legion Hall on December 4th, at 8:00 p.m. Don't miss this meeting as Dave Dunn will be showing films of the Achievement Day held at Winfield.
